## Beth Carey

Co-Founder & CEO  
of **Pat Inc**

### About:

Beth is Co-Founder and CEO of machine intelligence startup, Pat Inc, representing human language for computers

Her career has spanned senior management in Corporate IT companies such as IBM and Fujitsu, and building technology teams to achieve business outcomes.

In 2016, she co-founded the deep tech A.I. startup, Pat Inc to pursue her passion of building teams and communities, this time around the future platform for human language interaction with machines
