

Paula Hidalgo-Sanchis

Paula Hidalgo-Sanchis works as Manager of Pulse Lab Kampala at United Nations Global Pulse. The Lab develops technology tools based on machine learning and AI for humanitarian action and sustainable development. She led the team at the Lab to develop a radio mining tool with transcription of African languages that is a worldwide innovation. Paula has worked as Manager of Innovations, Social Policy Advisor and Analyst based in Africa, Asia and America. She holds a PhD in Geography and is passionate about promoting the use of big data, machine learning and AI for human development.

Paula can be reached on LinkedIn.
